208.345.1090 x 32 or pkeyes@idahoaeec.org

See additional details below!

Child Care Health Consultant Program

Caring Nurses Supporting Safe, Healthy Child Care

The Child Care Health Consultant Program will be bringing two essential IdahoSTARS training classes your way. Look for training classes in Hayden, Moscow, Lewiston, Idaho Falls, Twin Falls, Pocatello, Caldwell and Boise starting in late November (See training schedule below). These training classes are made possible by a grant to Idaho AEYC and the Child Care Health Consultant Program from the American Academy of Pediatrics (AAP).

Presentations:

1. **Managing Infectious Diseases in Early Education and Child Care Settings, an AAP Presentation.** 3 training hours are awarded in component 8 with an optional additional 3 hours with nursing consultation and technical assistance for assignment completion.
2. **Immunizations for Child Care.** This will help you to understand immunizations, answer parent concerns and meet new Idaho State Law regarding immunization requirements for children in child care. 2 training hours are awarded in component 8 with an optional additional 4 training hours with nursing consultation and technical assistance for assignment completion.

Presenters: Noreen Womack, MD, FAAP and Child Care Nurse Consultants

Cost: No cost to attendees. Pizza and soft drinks will be served during the presentation on Managing Infectious Diseases.

Registration: Registration available online through the [IdahoSTARS Training Calendar](#).

Health inspectors, nurses, parents and anyone interested in attending that does not require IdahoSTARS training hours, please register directly with the Child Care Health Consultant Program by emailing your name, work location, email address, presentation title and location requested to Patty Keyes, pkeyes@idahoaeyc.org or 208-345-1090 ext. 32. Where registrations exceed capacity, child care providers needing IdahoSTARS training hours will have the first option for attendance.
