COVID-19 Information

Eastern Idaho Public Health will be hosting informational webinars for businesses interested in learning more about public health measures they can implement to safely operate during the COVID-19 pandemic. There will be a specific webinar for food establishments (April 21 at 3:30 p.m.) and separate ones for all other businesses (April 22 at 3:00 p.m.). Go to our website for all the details:
www.EIPH.Idaho.gov.

COVID-19 Q & A of the Day

Question: What cleaning products should I use to prevent the spread of COVID-19?

Answer: Clean and disinfect high-touch surfaces in common areas, such as doorknobs, light switches, remotes, handles, tables, desks, toilets, sinks, hard-back chairs, etc. Clean dirty surfaces with detergent or soap and water first. Then, disinfect surfaces with diluted household bleach solution (1/3 cup bleach per gallon of water), alcohol solutions of 70%+ alcohol, or EPA-registered household disinfectants. Use gloves or wash hands thoroughly after cleaning.
