PLEASE DESCRIBE YOUR REQUEST, EVENT, OR ACTIVITY, INCLUDING PURPOSE AND DESIRED OUTCOMES:

UVCAC requests funding for medical equipment that will help our Pediatric SANE nurse conduct both emergent P-SANE exams, and forensic exams for nonemergent cases. The P-SANE nurse will use this equipment to gather crucial evidence for law enforcement and the Department of Health and Welfare. These needed materials include a digital camera needed for our P-SANE nurse to document any injuries on a child victim of abuse. The ability to document such injuries in a manner that is not physically invasive is one trauma-focused way our P-SANE nurse can assist the child in emotionally healing while thoroughly examining the child. Additionally, and most importantly, the P-SANE nurse will be able to conduct these exams in a way that is non-invasive, supportive, and will assist the child in the physical and emotional healing process. Based on our prior caseload, we anticipate conducting 25 exams in 2019.

UVCAC also requests funding for recording equipment to be used for child forensic interviews. These interviews are the cornerstone of a child sexual abuse case, but it can be difficult for children and their families to access our center due to distance and financial barriers. With this in mind, we have adapted to the needs of these rural communities with recording equipment that can easily travel to child-friendly, neutral locations when necessary to conduct child forensic interviews, and gives more families access to services needed to help their children heal.

DATE OF REQUEST:	AMOUNT OF FUNDS REQUESTED: - SEE ITEMIZED BUDGET (page 2)	TOTAL ANTICIPATED COST OF EVENT/ACTIVITY/PROJECT	# OF EXPECTED PARTICIPANTS	TOTAL IN-KIND DONATIONS
7/19/2019	\$908	\$250,000	300	\$19,200

PLEASE DESCRIBE HOW YOUR REQUEST SUPPORTS THE MISSION AND VISION OF THE R7BHB

Child abuse can often result in short and long-term psychological and behavioral health issues, such as, but not limited to: Depression, PTSD, anxiety and dissociative disorders, eating disorders, chronic pain, sexualized behavior (this can elevate risk for STI's and pregnancy), substance abuse, and other criminal behavior. By intervening early and giving every child an opportunity to emotionally and physically heal from the trauma they have endured, we are able to give each child an opportunity to be a mentally healthy person.

UVCAC follows national best practices as required by the Idaho Network of Child Advocacy Centers and the National Children's Alliance. We are the only CAC in region 7, with our closest sister CAC being Bright Tomorrows in Pocatello. We use evidence-based practices as we work with partner agencies, community resources, and the families we are serving. 2019 is our first year as an independent CAC, and we have relied heavily on the support of our community, and partner agencies to gather the materials that we need to serve children in a manner that is in-line with INCAC and NCA.

PLEASE PROVIDE A TIMELINE OF EVENTS, INCLUDING WHEN FUNDS WILL BE SPENT:

Funds would be spent in the late summer or early fall and used immediately, as our P-SANE nurse is currently conducting exams. Based on our caseload in prior years, we anticipate an influx of cases in the fall, and would like to have purchased all needed equipment in that timeframe.

REGION 7 BEHAVIORAL HEALTH BOARD - GRANT REQUEST

PLEASE DESCRIBE HOW YOUR OUTCOMES WILL BE MEASURED:

UVCAC tracks information and statistics on all cases that come through our CAC, as per best practices with the National Children's Alliance (NCA) which is the governing body over all Child Advocacy Centers in the United States.

PLEASE STATE HOW THE REGION 7 BEHAVIORAL HEALTH BOARD WILL BE RECOGNIZED:

We would like to share our partnership with Region 7 Behavioral Health Board through social media, and in a press release if those are acceptable outlets to share that information with the public. We would look to the Region 7 BHB for guidance in this area.
